STATE ROUTE 83 (EUCLID AVENUE) OPENS CHINO CREEK BRIDGE POROJECT COMPLETED

CHINO – The California Department of Transportation, Caltrans, today announced that the bridge project at Chino Creek is completed. State Route 83 re-opens between Pomona-Rincon Road and the opening of Prado Regional Park today at 3:30 PM.

The contractor, MCM Construction, completed the \$1.6 million dollar contract 3 months ahead of schedule. Motorists are advised to expect landscaping crews to be in the area for approximately a month. This may result in short term lane closures.

Caltrans wishes to thank the more than 13,000 daily commuters that drive this route for their patience and cooperation during this much needed bridge replacement project.

For additional information, call Caltrans Office of Public Affairs at (909) 383-4631 or visit the Web site at <http://www.dot.ca.gov/dist8>
